

Installation Guide – Windows/PC Computers

Be sure and open the email confirming your purchase on the device on which you want to install the program.

- From the Email, click on the purple button “**GET DIGITAL PURCHASE**”
- The link will open in a browser. Click on DOWNLOAD and download/save to computer.
- Reply to “What do you want to do with CanastaJunction_Installers”, click on **SAVE**
- Once the file has finished the download, click on OPEN
- This will OPEN the DOWNLOADED FOLDER which includes, CanastaJunction Installers
- Double click on the folder to open the sub-folder, then double click on “PC”
- Double click on CanastaJunctionInstallPC to begin the installation
- At the message, “Compressed(Zipped) Folders” click **EXTRACT ALL**
- Take note of where the files will be extracted to. Usually on the C: drive. Make sure “Show extracted files when complete” is checked. Click **EXTRACT**
- This will open what APPEARS to be the same file you already downloaded, but it is not. Click on the folder, CanastaJunction Installers to open.
- Click on PC to proceed
- Click on CanastaJunctionInstallerPC to install
- At the “Windows Protected Your PC” window, click on MORE INFO, and then on the next screen RUN ANYWAY
- If you get an error message “Allow Unknown publisher to make changes” click YES
- Follow the prompts through the installation, NEXT, NEXT, NEXT, NEXT, INSTALL, FINISH
- Locate the application by opening a FILE EXPLORER (the yellow folder on the bottom of your computer), select THIS PC, then the C: drive within the devices and drives.
- Select the folder called PROGRAM FILES (x86)

- Select Canasta Junction. Right click to select PIN TO START to make it more easily available.
- Double click on the CJ Purple Icon to open the program. Once open, right click on the icon on the lower icon bar and select PIN TO TASKBAR to keep it permanently on the lower bar.

If you still have trouble installing AFTER following these directions, please ask for the Detailed Installation Guide which will provide step-by-step images to go along with the instructions. Otherwise, contact Support@CanastaJunction.com or call Microsoft and ask for assistance with installing software.
